Amsterdam, Netherlands

Willing to relocate

Highly analytical UX Designer with a background in IT and user behavior research. Skilled at bridging the gap between design and scalable front-end development.

WORK EXPERIENCE

UX Engineer / Gaahleri

08 2025 - PRESENT / Full-time, China (English Work)

· Spearheaded 0-to-1 UI/UX design and full-stack development of Kaledio Color Lab (4,000+ beta users).

· Designed and developed a 5-stage product configurator for Aventus Brushes; achieved $362,302 revenue in the first month.

· Led visual rebranding, migrating legacy UI to high-end dark mode; drove 50% YoY sales growth.

· Managed high-velocity design and deployment for new product launches and global seasonal campaigns.

Growth UX Designer / YoloLiv

07 2025 - 08 2025 / Full-time Intern, China (English Work)

· Conducted English-language user interviews and published 5 User Stories (53K+ views), effectively bridging product development with market needs.

· Translated 60+ user feedbacks into roadmap decisions; designed 45+ visual assets, achieving record engagement (20K+ daily views) and peak conversion rates.

User Experience Specialist / ATG

10 2023 - 06 2025 / Full-time, London

· Synthesized field research into UX reports to optimize customer journeys; improved product discovery and signage through stakeholder advocacy, boosting sales performance.

· Redesigned merchandise layouts using seasonal data; ranked #1 individual seller and consistently exceeded sales targets.

Visual Merchandiser & Experience Designer / Scope

03 2023 - 09 2023 / Volunteer, London

· Optimized in-store flow & visual storytelling via data analysis, significantly increasing foot traffic and overall store revenue.

· Designed a privacy-centric donation experience, securing #1 district ranking in both sales and donations; personally recognized as the top salesperson.
